

Outdoor Cleaning

Our range of multifunctional road sweepers are ideal for use in a variety of working environments ranging from street cleansing to lawn cutting and winter maintenance.

Road sweepers from Hako are compact, manoeuvrable and economic. We offer a clearly staged range of machines and a variety of optional attachments are available including full winter maintenance, lawn cutting and Citycleaning function.

Hako: environmentally friendly right from the start

It is our legacy to leave behind a clean planet. That is why resources, environmental and climate protection characterise each and every process at Hako, certified by independent institutions. Learn more about our on-going commitment at www.hako.co.uk

Close to you wherever you are

Hako's spare part express and on-call service guarantees best possible availability.

Detergents

We also offer an extensive range of Hako detergents.

Citymaster 600

A multifunctional compact sweeper with the ability to offer both winter maintenance and grounds maintenance attachments

Key Features:

- Quick-change system
- Permanent all-wheel drive
- Travel speed of 25km/h

Citymaster 1600

Combines the many qualities usually found in larger sweepers while keeping to a total weight of 3.5t

Key Features:

- Class B driving licence category
- Full-suspension chassis
- Permanent all-wheel drive with automatic load and slip compensation

Citymaster 1250+

A multifunctional, and versatile roadsweeper, winter and grounds maintenance machine

Key Features:

- Universal stainless steel hopper
- Articulated steering for improved manoeuvrability
- Travel speed of 30km/h

Citymaster 2200

A high-end compact sweeper, designed for municipal and commercial use

Key Features:

- Euro VI VM 4-cylinder diesel engine
- All wheel steering as standard
- Two-person full comfort cabin

German Quality

Hako provides technical solutions for your cleaning and municipal requirements

At Hako, we pride ourselves on providing a high-performance total cleaning solution, and it is this ethos that has made us one of the leading suppliers of quality machines for use in commercial, industrial and municipal environments.

Our Research and Development team are continuously working to develop pioneering innovations for improved efficiency, sustainability and operator comfort.

Top quality certified by the TÜV

Customer satisfaction is the focal point of our business. Increased productivity, robust construction and long service life are just a few of the features which influence our business activities and ensure the highest levels of customer satisfaction are achieved.

Hako became one of the first companies in the sector to introduce a Quality Management system certified in accordance with EN ISO 9001.

Product Range

Sweepmaster Range

Our extensive range of pedestrian and ride-on sweepers are able to clean areas between 2,300 and 25,000 m²/h for dust-free cleanliness. Our sweepers are suitable for use in a wide range of applications such as warehouses, factories and car parks. Contact us today to arrange a free site survey to determine the best solution for your site.

Sweepmaster M600

Compact, manual sweeping machine suitable for use in small indoor and outdoor applications

Sweep Width (cm)	48
Dirt Hopper (l)	40
Sweep Area (m ²)	
Power	

Sweepmaster 900 R

Compact vacuum sweeping machine for use in both indoor and outdoor areas

Sweep Width (cm)	70
Dirt Hopper (l)	2x30
Sweep Area (m ²)	7200
Power	Battery/Petrol

Sweepmaster B500

Manually operated sweeper for use on all hard floors and carpets

Sweep Width (cm)	40
Dirt Hopper (l)	40
Sweep Area (m ²)	2400
Power	Battery

Sweepmaster 980 R

Compact vacuum sweeping machine for use in both indoor and outdoor areas

Sweep Width (cm)	70
Dirt Hopper (l)	60
Sweep Area (m ²)	7200
Power	Battery/Petrol

Sweepmaster 650

Compact, high performance sweeper for the dust-free cleaning of small and medium sized areas

Sweep Width (cm)	50.5
Dirt Hopper (l)	35
Sweep Area (m ²)	2525
Power	Battery/Petrol

Sweepmaster 1200 RH

The ideal machine for the effective and economic vacuum sweeping of larger areas

Sweep Width (cm)	80
Dirt Hopper (l)	130
Sweep Area (m ²)	10300
Power	Battery/Petrol/Diesel

Sweepmaster 800

Manoeuvrable, high performance sweeper for the dust-free cleaning of small and medium sized areas

Sweep Width (cm)	67
Dirt Hopper (l)	2x25
Sweep Area (m ²)	3350

Sweepmaster 1500 RH

A large, powerful vacuum sweeper suitable for even the toughest of applications

Sweep Width (cm)	92
Dirt Hopper (l)	250
Sweep Area (m ²)	12960
Power	Battery/Petrol/Diesel

Sweepmaster B800 R

Combines the compact dimensions of a pedestrian machine with the performance of a ride-on machine

Sweep Width (cm)	67
Dirt Hopper (l)	2x25
Sweep Area (m ²)	6660
Power	Battery

Powerboss 9XR

A quality, cost-effective sweeper that offers years of consistently reliable service

Sweep Width (cm)	163
Dirt Hopper (l)	623
Sweep Area (m ²)	17168
Power	LPG/Diesel

Scrubmaster Range

Our extensive range of pedestrian and ride-on scrubber-driers are able to economically clean areas between 1,400 and 12,000 m²/h. Innovative systems are available to increase the efficiency and scope of the cleaning operation. Hako AquaStop saves water and increases machine operating times, Hako AquaForce involves cleaning using de-mineralised water, removing the need for chemical, and Hako AntiBac increases the hygiene of the water tanks for use in sensitive areas.

Scrubmaster E10 / B10

Compact, robust and user friendly scrubber-driers designed to clean smaller areas

Scrub Width (cm)	35
Tank Size (l)	11
Area Coverage (m ²)	1400
Power	Electric/Battery

Scrubmaster B75 R

Compact ride-on scrubber-drier. For the comfortable cleaning of confined areas.

Scrub Width (cm)	65
Tank Size (l)	75
Area Coverage (m ²)	3500
Power	Battery

Scrubmaster B12

A flexible pedestrian scrubber-drier designed to clean small floor spaces

Scrub Width (cm)	38
Tank Size (l)	22
Area Coverage (m ²)	1500
Power	Battery

Scrubmaster B120 R

Comfortable and powerful for efficient cleaning results.

Scrub Width (cm)	70/75/85/90
Tank Size (l)	120
Area Coverage (m ²)	4500 – 5800
Power	Battery

Scrubmaster B30

For the quick and easy cleaning of small and medium sized areas

Scrub Width (cm)	43
Tank Size (l)	30
Area Coverage (m ²)	1700
Power	Battery

Scrubmaster B140 R

An extremely manoeuvrable and compact scrubber-drier

Scrub Width (cm)	88
Tank Size (l)	140
Area Coverage (m ²)	5300
Power	Battery

Scrubmaster B45

Compact scrubber-drier for use on all non textile floors

Scrub Width (cm)	51
Tank Size (l)	42
Area Coverage (m ²)	2000
Power	Battery

Scrubmaster B310 R

A large, battery powered, ride-on machine that combines pre-sweeping and scrubbing for perfect cleaning results

Scrub Width (cm)	90/102/123
Tank Size (l)	310
Area Coverage (m ²)	7000-9250
Power	Battery

Scrubmaster B70/90/120

High performance efficient wet cleaning of medium to large areas.

Scrub Width (cm)	65/75/85
Tank Size (l)	72/75/85
Area Coverage (m ²)	3200 – 4200
Power	Battery

Powerboss Combi 400

A large, industrial, ride-on sweeper-scrubber drier ideal for use in all heavy duty applications

Scrub Width (cm)	140
Tank Size (l)	398
Area Coverage (m ²)	TBC
Power	LPG/Petrol/Diesel

Commercial Equipment

Hako provide a range of single-disc and polishing machines to achieve perfect cleaning results. Each machine is optimally adapted to clean and care for hard floors efficiently and a comprehensive range of care products and accessories are available. In many environments a vacuuming cleaning method is the best solution. We supply various wet and dry vacuum systems which are perfectly suited to your individual needs.

Cleanserv SD43

The standard machine for the basic cleaning of all hard floor surfaces or shampooing of carpeted areas.

Cleanserv VU4

Brushing and vacuuming in one working procedure for the thorough cleaning of carpets. Easy to operate and transport.

Cleanserv PE53 / 1100

Ultra high-speed machine for polishing, cleaning and spraying. Suitable for polishing coated surfaces.

Cleanserv VD5

A compact vacuum cleaner for the professional cleaning of offices, hotels and schools. Its low weight and jacketed wheels make the machine extremely manoeuvrable, stable and quiet. Double filtration is provided through a cartridge and paper filter.

Cleanserv PB51 / 2000

High polishing performance, extreme manoeuvrability and dust vacuuming in one simple operation.

Cleanserv VL 1-15 / VL 1-30

A compact and user-friendly wet and dry vacuum cleaner. The low weight plastic-coated aluminium vacuum pipe is extremely shock resistant.

Scrubmaster B3

A practical, easy to transport scrubber-drier designed to efficiently clean small and hard to reach areas.

Cleanserv VL 2-70 / VL 3-70

A high performance and robust wet and dry vacuum cleaner with a solid handle bar and two bypass motors that can be activated on demand.
